"In honor of the ranch's 60th anniversary, we're offering some special discounts and making a few high-tech improvements around the property," said C Lazy U owner Brian Murray. "It's a special occasion for us, and we'll do our best to make it a special and memorable occasion for our guests."

One of the improvements Murray refers to is a new interactive Web site at www.clazyu.com that allows families to visit the ranch in advance. The site includes a live Ranch Web Cam, interactive 360-degree virtual tour of C Lazy U. With a few clicks of the mouse, users will be able to control the camera and capture images, save them and even e-mail them to family and friends.. There will also be live video of some of the ranch's favorite activities.

Murray – who vacationed at the ranch with his family for more than 30 years – took ownership of C Lazy U in 1988. The Murray family has continued in the footsteps of their predecessors, providing guests with “the vacation of a lifetime.” C lazy U is a family-friendly guest ranch offering an authentic Old West experience blended with luxurious amenities typical of high-end resorts.

Helping to make the experience the vacation of a lifetime is C Lazy U's Kids Program for children ages 3 – 17. The Kids Program is actually one of the longest running of its kind in the nation. Established in 1949, the program is fully-supervised and divided in to three age groups to provide riding instruction, entertainment and education for young children, tweens and teens.
